

Season of the Witch (Donovan)

A7 D7 A7 D7
When I look out my window, many sights to see
and when I look in my window, so many different people to be
that it's strange, so strange

A7 D7
you've got to pick up every stitch
you've got to pick up every stitch
you've got to pick up every stitch

A D7 E A
Mmmm, must be the season of the witch
Must be the season of the witch, yeah
Must be the season of the witch

When I look over my shoulder, What do you think I see
Some old cat lookin' over his shoulder at me
and he's strange, sure is strange
You've got to pick up every stitch
You've got to pick up every stitch, yeah
Beatniks are out to make it rich
Oh no
Must be the season of the witch
Must be the season of the witch, yeah
Must be the season of the witch

(instrument solos)

You've got to pick up every stitch
Two rabbits runnin' in the ditch...
Beatniks out to make it rich
Oh no
Must be the season of the witch
Must be the season of the witch
Must be the season of the witch (when I go)
